

Optimum Drywall Systems Limited

Environmental Policy

Optimum Drywall Systems Limited recognises that it has a legal and a moral duty to protect the environment.

The company unavoidably has an impact on the local environment. This impact arises from using natural resources that makes-up the materials used on site and creating waste.

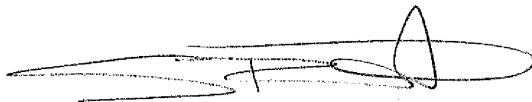

The company recognises its impact on the area and is committed to protecting and enhancing the environment for future generations by acting responsibly and considering environmental, social and economic factors in all decision making processes.

The company is committed to continual environmental improvement and has an aim to implement an environmental management system across the company by 2008. This system will identify all significant environmental impacts of the company's operations and will set objectives and targets reviewed on an annual basis to ensure continual environmental improvements.

In all its activities the company will:

- Ensure environmental legislation is complied with, and perform our statutory environmental responsibilities.
- Reduce the use of natural resources including energy and water in its own buildings, vehicles and in all company activities.
- Avoid waste and encourage the conservation, reuse and recycling of resources.
- Prevent environmental pollution from all its activities and influence others to do the same.
- Use biodegradable chemicals wherever possible.
- Minimise use of solvents and lead-based paints.
- Ensure that procedures are in place to minimise noise disturbance to neighbours.
- Reduce the need for the movement of both people and goods. Where movement is necessary, by employing local trades persons, and by purchasing materials from local suppliers
- Promote understanding and participation in environmental issues through education, information and consultation.
- Provide appropriate resources and the necessary training for staff to ensure that they are able to fulfill the commitment given in this policy.
- This Environmental Policy will be made available to all staff and other interested parties.
